

ALPINE SRP PRICE SHEET - JANUARY 2019

LEVEL X PROGRAM

Requirements for Level X: \$18,000 yearly Alpine commitment, with the following mix on a qualifying order placed before March 31, 2019

- Source units** 3 AV units of your choice, plus 3 Single DIN units of your choice. (6 total dash units)
- Amplifiers** 1 X-Series amp, 1 R-Series amp, 2 S-Series amp
- Subwoofers** 1 X-Series sub, 1 R-Series sub, 1 S-Series sub
- Speakers** 2pr X-Series speakers, 2pr R-Series speakers, 3pr S-Series speakers

Level X dealer benefits:

1. You will get the best pricing (X Level) on your reorders for all of 2019 (thru Jan 31, 2020)
2. One FREE PXE-0850S from Alpine for writing an X Level qualifying order! (retail value \$699.95)
3. Half-30, Half-60 day dating WAC or split ship COD/credit card orders 30 days apart

LEVEL R PROGRAM

Requirements for Level R: \$12,000 yearly Alpine commitment, with the following mix on a qualifying order placed before March 31, 2019

- Source units** 2 AV units of your choice, plus 3 head units of your choice
- Amplifiers** 1 R-Series amp, 2 S-Series amps
- Subwoofers** 1 R-Series sub, 1 S-Series sub
- Speakers** 2pr R-Series speakers, 2pr S-Series speakers

Level R dealer benefits:

1. You will get R Level pricing on all of your reorders for all of 2019 (thru Jan 31, 2020)
2. One FREE R-A60F from Alpine for writing an R Level qualifying order! (retail value \$399.95)
3. Half-30, Half-60 day dating WAC or split ship COD/credit card orders 30 days apart

LEVEL S PROGRAM

Requirements for Level S: \$6,000 yearly Alpine commitment and a \$1,500 opening order placed before March 31, 2019.

Note: Qualifying order can be any mix of product but must include at least 1) iLX-F259 and 1) iLX-W650

Level S dealer benefits:

1. You will get S Level pricing on all of your reorders for all of 2019 (thru Jan 31, 2020)
2. One FREE S-A60M from Alpine for writing an S Level qualifying order! Retail Value \$199.95

X-SERIES SYSTEMS

X-SERIES AMPLIFIERS

- A new Class D circuit design that maintains Alpine's leadership in Class D performance
- 20 degree phase shift - class leading in 12 volt automotive amplifiers
- Low THD: 0.015%
- Wide frequency response: 50khz range
- High signal to noise ratio: 90dB at 1W
- Damping factor > 1500DF
- New thermodynamically designed heatsink for more efficient heat dissipation and reliable operation

PDX SERIES AMPLIFIER

- Removable Speaker & Power Connections
- Extremely wide bandwidth, Extremely low noise, Extremely high damping factor, Ultra Low Distortion
- Super Thin And Sleek Design - The new PDX series amplifiers are 20% thinner than previous models at only 2" thick.
- The PDX series utilizes Dynamic Power Limiting to reduce power consumption without large audible level reduction.
- Low Impedance Stability - Rated power is achieved at either 2 or 4 ohms for all models. Mono models' minimum impedance is 1 ohm, and 2 ohms for the four channels.
