VEGA SUBWOOFERS

Nothing invokes the heritage of the Cerwin Vega Mobile brand more than the red rubber surround of the Vega series subwoofer. Features include a mica poly cone, woven tinsel leads, dual 2" voice coils, red rubber surround and vented pole piece.

- VEGA102** **Call For Price**
• 10" Dual 2Ω Voice Coil; 200w RMS

- VEGA104** **Call For Price**
• 10" Dual 4Ω Voice Coil; 200w RMS

- VEGA122** **Call For Price**
• 12" Dual 2Ω Voice Coil; 200w RMS

- VEGA124** **Call For Price**
• 12" Dual 4Ω Voice Coil; 200w RMS

- VEGA152** **Call For Price**
• 15" Dual 2Ω Voice Coil; 200w RMS

- VEGA154** **Call For Price**
• 15" Dual 4Ω Voice Coil; 200w RMS

VEGA AMPLIFIERS

VEGA amplifiers are just the right mix of power & value. Vega amplifiers feature fully adjustable High & Low pass Crossovers and Vega Bass Equalization. 4ga Terminals & High Level Inputs make integrating these amplifiers into any system a snap.

- V500.1** **1Ch** **Call For Price**
• 1 x 500w @ 1 Ohm / 14.4V
• 1 x 300w @ 2 Ohms / 14.4V
• Variable L.P. & H.P. Crossover 50Hz-250Hz

- V250.2** **2Ch** **Call For Price**
• 2 x 125w @ 2 Ohms / 14.4V
• 2 x 75w @ 4 Ohms / 14.4V
• 1 x 250w @ 4 Ohms Bridged / 14.4V
• Variable L.P. & H.P. Crossover 50Hz-250Hz

- V400.4** **4Ch** **Call For Price**
• 4 x 100w @ 2 Ohms / 14.4V
• 4 x 60w @ 4 Ohms / 14.4V
• 2 x 200w @ 4 Ohms Bridged / 14.4V
• Variable L.P. & H.P. Crossover 50Hz-250Hz

VEGA SPEAKERS

The Vega series speakers are designed to drop in to the existing factory mounting locations. Vega coaxial speakers feature a .75" silk dome tweeter that delivers a warm, smooth sound. Vega components add an outboard crossover network and 1" tweeter.

- VEGA5** **Call For Price**
• 5.25" Coaxials; 45w RMS

- VEGA65** **Call For Price**
• 6.5" Coaxials; 60w RMS

- VEGA68** **Call For Price**
• 6 x 8" Coaxials; 60w RMS

- VEGA69** **Call For Price**
• 6 x 9" Coaxials; 75w RMS

- VEGA65CS** **Call For Price**
• 6.5" Component Set; 60w RMS

STROKER SUBWOOFERS

For years the name Stroker has been the standard by which all other high performance subwoofers are judged. The Stroker returns in it's most powerful form ever. This Stroker uses massive 3" dual voice coils to handle a staggering 1200w RMS. The new terminal handles up to 8awg wire and allows all connections to be made on one side of the subwoofer.

- STKR122** **Call For Price**
• 12" Dual 2Ω V.C.; 1200w RMS

- STKR124** **Call For Price**
• 12" Dual 4Ω V.C.; 1200w RMS

STROKER AMPLIFIERS

Stroker subwoofers have gained acclaim for their legendary combination of high output and power handling. Now there is finally an amplifier worthy of the same name! All mono stroker amplifiers feature 4ga connections and are strappable, which means you can bridge two identical models together to create one incredibly powerful channel!

- S2000.1** **Call For Price**
• 1 x 2000w @ 1 Ohm / 14.4V
• 1 x 1500w @ 2 Ohms / 14.4V
• 1 x 1000w @ 4 Ohms / 14.4V
• Variable L.P. Crossover

- S1000.1** **Call For Price**
• 1 x 1000w @ 1 Ohm / 14.4V
• 1 x 750w @ 2 Ohms / 14.4V
• 1 x 400w @ 4 Ohms / 14.4V
• Variable L.P. Crossover

- S800.4** **Call For Price**
• 4 x 200w @ 2 Ohms / 14.4V
• 4 x 125w @ 4 Ohms / 14.4V
• 2 x 400w @ 4 Ohms Bridged / 14.4V
• Variable L.P. & H.P. Crossover

VMAX SUBWOOFERS

VMAX subwoofers are Cerwin Vega's most flexible. They work well in both sealed & vented enclosures. VMAX subwoofers feature high power 2.5" voice coils, a mica poly cone, dual spiders w/sandwiched tinsel leads and die cast aluminum frame.

- VMAX102** **Call For Price**
• 10" Dual 2Ω V.C.; 500w RMS

- VMAX104** **Call For Price**
• 10" Dual 4Ω V.C.; 500w RMS

- VMAX122** **Call For Price**
• 12" Dual 2Ω V.C.; 500w RMS

- VMAX124** **Call For Price**
• 12" Dual 4Ω V.C.; 500w RMS

- VMAX152** **Call For Price**
• 15" Dual 2Ω V.C.; 500w RMS

- VMAX154** **Call For Price**
• 15" Dual 4Ω V.C.; 500w RMS

VMAX COMPONENTS

Redesigned from the ground up for 2009, VMAX components are the best sounding speakers we've ever offered! They use the same low resonance cast aluminum frame found in our VMAX subwoofers. The 1" silk dome tweeter is matched to a 12dB/octave outboard crossover.

- VMAX65** **Call For Price**
• 6.5" Component Set; 75w RMS

- VMAX1.0** **Call For Price**
• 1" Silk Dome Tweeters; 75w RMS
