COBRA RADAR DETECTORS!

XRS9440

Call For Price

The XRS 9440 provides protection and peace of mind with Xtreme Range Superheterodyne technology, detecting 12 radar/laser bands with reliable and proven performance. It comes with an UltraBright Data Display, Voice Alert, Safety Alert, Strobe Alert and many other Cobra feature mainstays.

XRS9960G

Call For Price

The XRS 9960G provides total protection and peace of mind with Super-Xtreme Range Superheterodyne™ Technology, detecting all 15 radar/laser bands with its super-fast lock-on detection circuitry. The unit provides extra detection range and the best possible advance warning of even the fastest POP mode radar guns. It comes with a GPS Locator and Lifetime Subscription to AURA™ Database to alert you to verified Speed and Red Light Camera locations, dangerous intersections, and reported Speed Trap locations for entire United States and Canada. Other features include Cobra exclusive full-color ExtremeBright DataGrafix® II Display, an 8-point electronic compass, Voice Alert™, car battery voltage display/low car battery warning and much more.

XRSR10G

Call For Price

The XRS R10G provides total protection and peace of mind with Super-Xtreme Range Superheterodyne™ Technology, detecting all 15 radar/laser bands with its super-fast lock-on detection circuitry. The unit provides maximum detection range and the best possible advance warning of even the fastest POP mode radar guns. It comes with a GPS Locator and Lifetime Subscription to AURA™ Database to alert you to verified Speed and Red Light Camera locations, dangerous intersections, and reported Speed Trap locations for entire United States and Canada. With the IntelliLink™ wireless connection and versatile mounting options, the driver can mount the remote anywhere inside the vehicle for discreet operation. It's simply the best detector money can buy!
