

XPOWER DIGITAL INVERTERS

- Perfect for cell phone, camcorder, stereo, small appliances and more
- DC terminals for lighter socket or direct battery connection
- Interactive LED display shows input current, output voltage and fault codes
- Over temperature, Over load, and Over voltage protection.
- Low voltage alarm & shutdown
- Dual AC receptacles

813-0400-01 320w Continuous / 640w Surge

PROWATT™ SW INVERTERS

- Portable power for AC products rated up to 450 watts
- High efficiency – converts virtually all the battery's available power to AC
- Mounting brackets for convenient installation
- Corrosion Resistance
- Overload and over temperature shutdown
- Over voltage protection (15.5 VDC)
- Low voltage alarm (11.0 VDC)
- Low voltage cut-out (10.5 VDC)
- Dual GFCI Receptacles.

851-0451 360w Continuous / 700w Surge

XPOWER™ INVERTERS

- Modified Sine Wave AC Output
- High surge capacity for products that require more power to start
- Heavy duty terminals
- Remote on/off switch
- Over temperature, Over load, and Over voltage protection.
- Low voltage alarm & shutdown
- ETL certified to UL458 for use in mobile RV, marine and commercial applications.
- Dual GFCI receptacles (813-5000UL has 4 GFCI receptacles)

813-1000UL 1000w Cont / 2000w Surge

813-1500UL 1500w Cont / 3000w Surge

813-3000UL 2500w Cont / 5000w Surge

813-5000UL 4000w Cont / 10000w Surge

PROWATT™ SW INVERTERS

- True Sine Wave AC Output
- High surge capacity provides necessary current to startup demanding loads such as variable speed power tools, advanced appliances, microwave ovens & more
- Built in digital display for DC volts and output power
- Built in USB port
- Optional On/Off remote switch with ignition lockout
- Over temperature, Over load, and Over voltage protection.
- Low voltage alarm & shutdown
- ETL certified to UL458 for use in mobile RV, marine and commercial applications.
- Dual GFCI Receptacles.

806-1206 540w Continuous / 1200w Surge

806-1210 900w Continuous / 2000w Surge

806-1220 1800w Continuous / 3000w Surge

808-9001 PROwatt SW Remote Panel

808-0915 15A Inline Transfer Relay for PROwatt SW Inverter

FREEDOM HF INVERTER / CHARGER

- Modified Sine Output
- For Demanding Applications such as microwave ovens, DVD players, small appliances and other equipment
- Removable digital display with 25' extension cable for remote monitoring
- Automatic 40A three stage battery charger
- Designed for hardwire installation via terminal strip or GFCI receptacles
- Built in 30 Amp relay to transfer between inverter power and incoming AC power
- Battery over voltage and under voltage protection
- Over temperature, Automatic overload, Short Circuit and Ground Fault protection
- ETL certified to UL458 for use in mobile RV, marine and commercial applications
- KKK-A-1822 Compliant for use in EMS applications (Freedom HF 1800)
- Dual GFCI Receptacles

806-1020 1000w Cont / 2000w Surge

806-1840 1800w Cont / 3600w Surge

PROSINE™ INVERTERS

- Ultra Clean True Sine Wave AC Output - less than 3% total harmonic distortion
- Ideal for handling sensitive loads while improving AC equipment performance
- Designed for recreational and industrial applications
- LCD display panel can be mounted remotely (Optional remote mount kit required)
- Unique DC terminals offer 180 degree connections for installation in tight places
- Over temperature, Over load, Over voltage and Under voltage protection
- Short circuit and AC backfeed protection
- KKK-A-1822 Compliant for use in EMS applications
- ETL certified to UL458 for use in mobile RV, marine and commercial applications.
- Dual GFCI Receptacles.

806-1802 1800w Cont / 2900w Surge
