

ONLY AVAILABLE TO AUTHORIZED DEALERS IN KS, MO, IA, NE AND SOUTHERN ILLINOIS

More Than Enough Energy For The Most Abusive Applications. Mountable in any position even in the passenger compartment! KINETIK Power Cells have an ULTRA Low ESR, meaning they will not load down the alternator and will charge evenly and effectively. High Energy Density & Ultra Low ESR = High power reserve and a fast discharge. KINETIK Power Cells have HIGH VOLTAGE, they rest at 13V with tons of storage. Features include: • High Current AGM (Absorbent Glass Mat) Technology • Sealed Non-Spillable - Mounts In Any Position • Ultra Low ESR (Equivalent Series Resistance) For Super Efficient and Quick Discharge & Recharge • More Plates, Stronger Energy Density Providing Higher Voltage Under Load • Tightly Packed Cells For Superior Heat & Vibration Resistance

600w Power Cell

KHC600

More power than a 100 farad capacitor! Extreme power in a small package. Mount near amplifier for tons of power reinforcement. Easily starts a V8 engine! AKA "Cap Killer".

14lbs - 20 Ah 7" x 3" x 6.5"

800w Power Cell

KHC800

More powerful than 200 1 farad caps! Compact power that fits anywhere. Use as a reinforcement for amplifiers or as your starting battery where weight is a concern, such as racing applications.

26lbs - 36 Ah 7.6" x 5" x 6"

1200w Power Cell

KHC1200

1200W of support in a small compact design works great in small spaces where more power is needed. Fits many import OEM locations.

28lbs - 50 Ah 7" x 6.5" x 6.9"

1400w Power Cell

KHC1400

Most powerful cell for Honda/Mitsubishi OE replacement. Thin profile fits many cars. Serious current for any demand. Available in reversed terminals for import OEM locations.*

39lbs - 60 Ah 9" x 5.3" x 8.1"

Kinetik KMS Mounting Sleeves Now Available! Made Of High Quality Black Powder Coated Steel, Custom Designed For A Perfect Fit! Call For Pricing.

1800w Power Cell

KHC1800

Full size powerhouse. Fits vehicles with larger battery boxes. Capable of powering almost any system without compromise.

54lbs - 81 Ah 10" x 6.5" x 8.2"

2000w Power Cell

KHC2000

Unstoppable output and high reserve capacity to back it up! More powerful than any other brand of power cell. Fits Chevy/Dodge trucks and other large vehicles.

61lbs - 102 Ah 12" x 6.5" x 8.2"

2000w Power Cell

KHC2400

Used in the loudest vehicles in the world, with more current than power cells twice the size. If you want the BEST... this is it. Providing thousands of amps at near dead short, this power cell performs best when abused.

69lbs - 128 Ah 13" x 6.7" x 8.5"

3800w Power Cell

KHC3800

King Kong has nothing on this animal with 3800 watts of massive power support this mammoth 87lb giant will power anything you got and then some!

87lbs - 134 Ah 13.4" x 6.8" x 11h"

Kinetik KMS Mounting Sleeves Now Available! Made Of High Quality Black Powder Coated Steel, Custom Designed For A Perfect Fit! Call For Pricing.

1600w 16 Volt Power Cell

KHC16V

Dual post design for running at 12v or 16v, this bad boy has what it takes to run your equipment at peak performance.

54lbs - 1600 Amps - 62 Ah - 1350 CA
10" x 6.5" x 8.2"
