

**STARC1**  
True Arc 1 Template Set

The True Arc 1 set contains (8) pieces, each 2" wide by 36" tall.

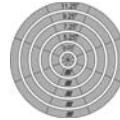

**STMINIARCS**  
Mini Arc Template Set

The Mini Arc set contains (7) pieces, each having an inner and outer arc dimension (based in 14" - 28" circle sections), these are simply a small section of that circle.

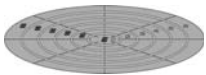

**STSMOVAL**  
Small Oval Template Set

This Small set contains five pieces with widths of 6", 9", 12", 15", and 18".

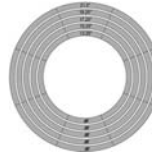

**STSMCIR**  
Small Circle Template Set

This small set contains six pieces - (O.D.) 1 1/4", 3 1/4", 5 1/4", 7 1/4", 9 1/4" and 11 1/4".

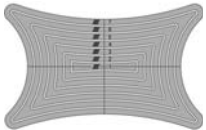

**STLGOVAL**  
Large Oval Template Set

This Large set contains six pieces. Overall width dimensions are 6", 12", 18", 24", 30", and 36".

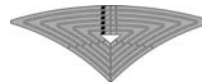

**STLGCIR**  
Large Circle Template Set

This large set contains five pieces - (O.D.) 13-1/4", 15-1/4", 17-1/4", 19-1/4" and 21-1/2".

**STDSINVER**  
Inverse Template Set

(7) piece set  
21-3/5" x 13-5/8" (outside dimensions)

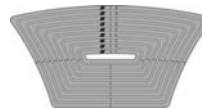

**STDSTRI**  
Triangle Set

The Triangle set contains (6) pieces ranging from 38 1/2" x 15 1/2" to 4 1/2" x 3 1/2".

**STCOVERT**  
Covert Smart Template

(5) piece set  
36.5" x 16" (outside dimensions)

**STDSTRAP**  
Trapezoid Set

• This set contains (9) pieces ranging from 36" x 18-1/2" to 11-1/4" x 2-1/2" with 3/4" wall thickness. Designed specifically for creating trim panels for amplifiers and other rectangular components.

**STDSCHAL**  
Challenger Series Template Set

One of our most popular sets. The Challenger template is great for creating trim panel inserts, view windows or other displayed items.

**STPREDATOR**  
Predator Smart Template

(9) piece set  
16" x 36" (outside dimensions)

**STAVENG**  
Avenger Smart Template

(7) piece set  
36.5" x 16" (outside dimensions)

**STSCS**  
Smart Circle System

The "Smart Circle System" circle template includes the male sections of the template. All pieces are marked with size and alignment lines. Smart Circle System storage tray.

**ADTDST.25**  
1/4" x 50ft 2-Sided Template Tape

**ADTDST5**  
1/2" x 50ft 2-Sided Template Tape

**ADTDST.75**  
3/4" x 50ft 2-Sided Template Tape

The 2-sided template tape has an extremely aggressive tack for placing templates together, but because it's thinner than most tapes you won't have any sliding of the template while pushing it into the bearing on the router bit.

**MCAAC36**  
36" Adjustable Curve

These flexible drawing instruments, formed of interlocking layers of butyrate plastic, can be finger-shaped to the desired curve and then taped to wood or plastic to form a unique shape for trim panels. They are held in position by friction and can be used over and over again for years and still keep their smooth ruling edge.

**AD2P10J**  
Gel CA Glue (Thickest Viscosity) - 8oz.

**ADGEL2OZ**  
Gel CA Glue (Thickest Viscosity) - 2oz.

Mobile Solutions' Instant CA Adhesive is the ultimate industrial grade fabrication adhesive! The formula is an industrial grade Cyanoacrylate adhesive, not the "hobby grade" that most fabricators are using. The Gel Viscosity is thick enough to not drip even when used upside down!

**AD2P10T**  
Thick Viscosity CA Glue (Like Syrup) - 8oz.

**ADTHICK2OZ**  
Thick Viscosity CA Glue (Like Syrup) - 2oz.

Mobile Solutions' Instant CA Adhesive is the ultimate industrial grade fabrication adhesive! The formula is an industrial grade Cyanoacrylate adhesive, not the "hobby grade" that most fabricators are using. The Thick Viscosity is comparable to syrup.

**AD2P10SAA**  
Activator for CA Glue

Our unique industrial grade 2P-10 activator is a two-part, 10 second bond accelerator. Just apply the adhesive to one side, then spray the activator on the other side and stick it together for a strong permanent bond. Since it's packaged in a 12 oz. aerosol can, it is ideal for the fast pace of a fabrication environment where the contents will be used up quickly.

**RMMESH03**  
3/16 Round Aluminum Mesh

30" x 40"  
.1875 hole size  
51% open

**RMMESH04**  
Hexagon Aluminum Mesh

36" x 40"  
1/16" thick  
79% open

**RMMESH05**  
Oval Aluminum Mesh

36" x 40"  
1/16" thick  
65% open

**RASHLD**  
Fukuda Router Shield

The Fukuda Router Safety Shield is made of sturdy 1/2" optically clear acrylic and has high impact type 1 PVC plastic handles. This not only keeps your hands safe, but adds an additional guard between the work piece and your body.

**RARLFX**  
Jessem Rout-R-Lift FX

Allows you to make quick router bit changes from above the table and was specifically designed for today's most popular 1-3/4 to 2-1/4 HP fixed-base router motors. The top plate is CNC machined from 3/4" phenolic for a perfectly flat and durable surface. Fits Porter Cable 690 and 890 series, Bosch 1617/18, and DeWalt 610, 616, and 618 routers.

**RAINST**  
Jessem 4pc Tab-Lock Insert

This set of 4 phenolic inserts is an accessory to both the Rout-R-LiftFX and the Mast-R-Lift. Each router plate comes with one 1 1/2" insert ring standard but this adds 1/4", 1/2", 1-3/8" and 2.5" inserts so you can use both larger and smaller router bits while maintaining support near the bit edge and maximum vacuum from the dust collection system.

**RAINERT**  
Jessem 10pc Tab-Lock Insert Ring Kit w/Caddy

This set of 4 phenolic inserts is an accessory to both the Rout-R-LiftFX and the Mast-R-Lift. Each router plate comes with one 1 1/2" insert ring standard but this adds Blank, 1/4", 3/8", 1/2", 3/4", 1", 1-1/4", 1-1/2", 1-3/4" and 2-1/4" inserts so you can use both larger and smaller router bits while maintaining support near the bit edge and maximum vacuum from the dust collection system.

**RAPCIR**  
Mobile Solutions Perfect Circle

Cut precision inside and outside diameter holes. Great for cutting woofer holes, small circles, and giant arcs from 1" all the way up to 30". Machined from 1/2" aircraft grade 6061 billet aluminum.

**RAFKRT**  
Fukuda Router Tool

Adjustable square jig tool. Duplicate any square or rectangle shape precisely from 3/8" to 12". Machined from 1/2" aircraft grade 6061 billet aluminum. Knurled nylon adjustment screws. Brushed clear anodized finish for smooth operation.

The Axis Shape Creator! Designed to create trim panels using an infinitely adjustable design. Use any Arc, Sweep, Straight Edge, Corner Radius, Chamfer Edge or Straight accent to highlight your install. The SFS Axis Shape Creator is fully adjustable, yet features positive locating slots for consistent shape creation. The friction locking system allows a locked shape to easily be transferred from workbench, to vehicle, to router table. Knobs provide safe hand position for routing

**STSFSCAFPKG™**  
Basic Axis Package

The SFS Basic Package includes:

- 1 QTY / Hardware Tray
- 8 QTY / Knobs
- 8 QTY / Washers
- 8 QTY / Screws
- 2 QTY / Straight Axis - 24" Base Rail
- 2 QTY / Straight Axis - 24" Adjustment Rail
- 2 QTY / Arc 8 Axis - Long Base Rail
- 2 QTY / Arc 8 Axis - Long Adjustment Rail

**STSFSESSENTIAL™**  
SFS Essential Package

The SFS Basic Package PLUS:

- 2 QTY / Straight Axis - 12" Base Rail
- 2 QTY / Straight Axis - 12" Adjustment Rail
- 2 QTY / Arc 8 Axis - Short Base Rail
- 2 QTY / Arc 8 Axis - Short Adjustment Rail
- 2 QTY / Arc 5 Axis - Long Base Rail
- 2 QTY / Arc 5 Axis - Long Adjustment Rail
- 2 QTY / Arc 5 Axis - Short Base Rail
- 2 QTY / Arc 5 Axis - Short Adjustment Rail
- 2 QTY / 1.50" Radius Corner
- 2 QTY / 3.00" Radius Corner
- 2 QTY / 1.50" Chamfer Corner
- 2 QTY / 3.00" Chamfer Corner
- 4 QTY / Chamfer Accent Shape

**EAPT9A**  
Phase Tester Kit

Built-in microphone and pulse generator  
Test CD included with phase pulses  
Includes test leads and carry case

**STSANIMAL**  
SFS Animal Router Shield

When you seek truly wild fabrication...  
Introducing the NEW Mobile Solutions  
SFS "Animal" Router Shield System!

Designed to expand upon our SFS Axis Shape Creator System or to be used as a standalone tool the SFS Animal allows for a variety of advanced router techniques:

- Use with a surfacing router bit or top bearing bit to perform 3d router shaping on a work piece
- Make 3D panels by angling the fixture surface of the work piece
- Cut speaker brackets to match the angle of a door speaker grill
- Converge profile lines on 3D accent pieces
- Create a swept surface cut with SFS arcs  
+ Many more! Imagine the possibilities!

The SFS Animal Kit Includes:

- 17" x 11-1/2" Base Shield with alignment lines and central air pass through for improved dust collection. The base shield can also be used as a stand alone shield!
- Grid Mounting Plates with multiple set up holes and slots for repeatable yet flexible results
- Horizontal Locking System and Wrench
- Hardware tray with low profile knobs and stainless steel hardware
- 8 - 12" Straight Axis Rails (4 Base Rails & 4 Adjustment Rails)

**RB1021265B**  
3/4" Flush Trim Bit for use with SFS Animal  
1/2" Shank  
2 Flutes  
1 Bearing

Use spiral flush trim bits for finishing work saving you several steps in sanding and polishing when used on acrylic plastics or MDF! (Not for use on aluminum or nonferrous metal). Spiral bits also have 4 times the operational life of a standard 2 flute bit. Just like all our bits these offer smooth, burn free cutting and are made from precision ground extra thick carbide.

**RB1520625**  
45 Degree Chamfer Bit  
5/8" Cutting Height  
1/2" Shank  
2 Flutes  
1 Bearing

**RB1520655**  
45 Degree Chamfer Bit  
1" Cutting Height  
1/2" Shank  
2 Flutes  
1 Bearing

**RB1005075**  
3/4" Rabbet Super-Pro Kit  
10 Bearings

**RBTOPSLPS1/4**  
1/4" Flush Trim Bit  
1/4" Shank  
2 Flutes

**RB1171825**  
1/2" Flush Trim Bit  
1/2" Shank  
2 Flutes  
2 Bearings

**RB1170825**  
1/2" Flush Trim Bit  
1/2" Shank  
2 Flutes  
1 Bearing

**RB1/4QUAD**  
1/4" Spiral Flush Trim Bit  
Upcut  
1/4" Shank  
Quad bearings  
1" cutting height  
Sold carbide

**RB1200402**  
1/4" Spiral Flush Trim Bit  
Upcut  
1/4" Shank  
2 bearings

**RBFLUSHSQ**  
1/2" Flush Trim Bit  
1/2" Shank  
2 Flutes  
1 Square Bearing - Stops spinning as soon as it touches the work piece.  
Made of non-stick Teflon. Wipes clean and won't mark your work.

**RB1200805**  
1/2" Spiral Flush Trim Bit  
Upcut  
1/2" Shank  
2 Bearings

**RB1020455**  
1/4" Cutter Bit  
1/2" Shank  
2 Flutes

**RB1060462**  
1/4" Spiral Down Cut Bit  
Downcut  
1/4" Shank  
Intended for hand held routers only

**RADUSTBCKT**  
"Dust Bucket" Dust Collector  
  
Works with all router lifts we sell  
Simple underside mounting to the router table  
Clear viewing panels to view obstructions  
Robust Stainless Steel and Acrylic construction

**RBSPSTRAY**  
Smart Pattern System  
  
SYSTEM INCLUDES:  
1-1/8" custom designed rabbet bit  
1/4" Spiral flush trim bit  
1/4" Drill bit  
Laser cut tray organizer

**RASLATWALLBRACK**  
Slatwall Bracket  
  
This formed metal tray is compatible with all MS router bit trays. This allows you to mount all of your router bit trays and router bits on your shop slat wall for easy access while fabricating. Save time and effort and easily locate your router bits! (Router bits and acrylic tray not included)

**RBUNIVERSALTRAY**  
Universal Bit Tray  
  
Stop losing and misplacing your router bit bearings. Finally there's a place to keep everything and all within reach!

**RBBITTRAY2**  
Oversize / Rabbet Bit Tray  
  
Stop losing and misplacing your router bit bearings. Finally there's a place to keep everything AND easily determine which one you need - rabbet OR oversize!  
  
• 3/4 Rabbet (9) Bearings & 1/2 Flush Trim Bit

**RBECOTRAY**  
ECO Tray w/1/4" Bits  
  
• 1/2" Roundover  
• 45 Chamfer  
• 1/2" Flush Trim  
• 1/2" Rabbet  
• Bearings  
• Labeled Organization Tray

## SIPRY1 Pry Tool

7" overall length  
1" wide  
Manufactured of 4130 steel.  
This is a "must-have" tool for any technician!

## SI38MAGNETS 3/8" Super Magnets (12pcs)

Use these Neodymium disk magnets to secure trim panels and other aspects of your custom install! These magnets are **STRONG** and the highest pull strength on the market making sure your build stays secure.

## IAIMINISIDE iPad Mini Side Mount (Custom in-dash kit)

Fits iPad mini AND iPad mini with Retina Display  
Built in Apple Smart Cover magnetic strip  
Quick release design  
Ultra-Suede Backing (not glued)

Manufactured in the USA by Soundman® Enterprises Inc. PATENT PENDING

## BIESCIK Escort iX Ci and MAX Ci Radar Install Kit

Includes:  
Display iX Router Guide  
Display Ci Router Guide  
Controller Ci Router Guide  
Shifter Ci Router Guide  
Router Guide Holding Tray

## SSSSSPREAD1" Stainless Steel Smart Spreaders - Profile 1

Six piece set
