

7" HEADREST PACKAGES

Our headrest monitor entertainment system has proven to be very popular and by incorporating dual video/audio inputs it creates the ultimate entertainment package! Our system allows for multiple sources without adding additional equipment! Simply press a button and automatically switch from game to movie and back.

P7GGLR (Style / Color)

Kits Come With: (2) AGG7 7" TFT Monitors, (2) Remotes, and Wiring. Find your Style and Color Codes at www.myronanddavis.com!

Because of the unlimited Model/Color combinations available, Myron & Davis builds their headrests daily as needed.

DVD COMBO 7" HEADREST PACKAGES

The combo headrest is available in two options: A Dual DVD system or a Single DVD system. Some of the innovations in our combo headrests are the FULL SPECTRUM FM Modulator with SIX preset memory selections and the DVD slot cover.
