PSP4	4" AeroPort

The VL Series Value Line uses CCA wire to create additional value for the consumer. High-quality features like twisted-pair audio interconnects are complemented by full-colored blister packaging and the power wire's translucent red, high-gloss insulation for a sharp, professional look. Kits Include: Power, Ground & Speaker wire, Interconnects, Remote turn on wire, Flex loom and all necessary hardware. The SQK4 also comes with an 80 Amp AGU fuse and waterproof fuse holder, while the SQK8 features a 60 Amp AGU fuse and waterproof fuse holder. The SQK0 includes an additional 150 Amp fuse and ANL fuse holder as well as a positive battery terminal. It also uses a thicker gauge speaker wire.

### CCA AMPLIFIER INSTALL KITS

- SQK8** 8 Gauge
- SQK4ANL** 4 Gauge
- SQK0** 1/0 Gauge

### POWER CABLE

- SQVLP4R** 100' 4 Gauge - Red
- SQVLP4B** 100' 4 Gauge - Black
- SQVLP8R** 250' 8 Gauge - Red
- SQVLP8B** 250' 8 Gauge - Black

### AMPLIFIER INSTALL KITS

- SQ600XB** 8 Gauge
- SQ1200XB** 4 Gauge

Looking for low priced wiring kits with a name? This well known brand has just released three new wiring kits that blow cheap kits out of the water! The SQ1200 is suitable for amps up to 1200 watts, the SQ600- up to 600 watts, and SQ300- up to 300 watts. **All kits include Power & Ground wire, Interconnect, Speaker wire, Fuse holder, Turn-on wire, and Hardware!**

## 2011 Interconnects COMING SUMMER 2011!

- Innovative Packaging Design
- Large Product Viewing Area
- Interconnect Touch Areas
- Easily Identifiable Series & Size
- Slatwall, Counter, or Stackable Display Options
- Retains Previous Series Footprint
- Bilingual Packaging

#### 8000 Series

- Silver Over Copper Construction
- Pewter Finish Ends
- Black Mesh Jacket
- Improved Flexibility

#### 4000 Series

- Mini Ends For Installation Ease
- Matte Jacket Material
- Improved Flexibility

## 2011 Wiring Kits COMING SUMMER 2011!

- Improved Perceived Value
- Innovative Packaging Design
- Large Product Viewing Area
- Interconnect Touch Areas
- Easily Identifiable Series, Gauge & Wattage
- Utilizes Stinger Badge As Packaging Element
- Retains Previous Wire Footprint
- Bilingual Packaging

#### 6000 Series

- Top-Of-The-Line HPM Style Fuseholders
- 6000 Series Shielded Audio Interconnect
- HPM Style Speaker Wire
- Pre-Installed Nylon Mesh Covering
- Matte Finish HyperTwist™ Wire Construction
- TruSpec™ Wire Gauge Specification
- Pre-Terminated Power Connections

#### 4000 Series

- PRO Style Fuseholders
- 4000 Series Audio Interconnect
- HPM Style Speaker Wire
- Matte Finish HyperTwist™ Wire Construction
- TruSpec™ Wire Gauge Specification
- Pre-Terminated Power Connections
